One-Woman Powerful Women Performances

The turnout for your one-woman performance, *Susan B. Anthony Says A Word*, on March 3rd was amazing. We certainly had a full house and an enthusiastic audience.

I received this note from a neighbor who I've not met: "Thank you very much, the boys sure learned a lot as did I." The boys, who I do not know either, look to be teen and pre-teen. Kudos to that mom for realizing the importance of their education and to you for educating!

Really enjoyed meeting you.

I look forward to hearing about your next presentation.

Best wishes,
